

Differences between proposed 2003 Washington State Birth Certificate and US Standard Certificate

Changes to existing items:

*Place where birth occurred: add 'enroute'

Mother married? Split into two questions: Is mother married to the father? If no, was mother married to anyone during this pregnancy?

Mother's education: If 8th grade or less, add line to specify exact years of education

Father's education: If 8th grade or less, add line to specify exact years of education

Source of payment for delivery: Add 'Indian Health' and 'CHAMPUS'

Risk factors in this pregnancy: Add 'Group B streptococcus culture positive'

Infections present and/or treated during this pregnancy: Add 'HIV infection' and 'Other (specify)'

*Attendant name and title: Delete check boxes

*Certifier name and title: Delete check boxes

*-These items were changed in the current Washington State birth certificate in the current WAC.

Added items:

Tribal reservation name (if applicable)

Mother's telephone number

*Length of time at mother's current residence

*Mother's occupation and industry

*Father's occupation and industry

Infant head circumference

*-These items were added to the current Washington State birth certificate in the current WAC.
